General Construction

- Checking/setting elevations, concrete forms, footings, and foundations for smaller job sites
- Ideal for patio decks, terraces, swimming pools, septic systems, and leach fields
- Includes: Receiver, rod, tripod and case

\$608.00

LL100N-2 Laser Level
Affordable, Easy to Use Laser Level

- Checking/setting elevations, concrete forms, footings, and foundations for small and medium sized jobs
- 1,650 ft operating diameter
- Includes: HL450 Receiver, Rod (tenths), Tripod and Case

\$764.00

LL300N-1 Laser Level
Medium-Range, Highly Accurate Leveling Solution

- Checking/setting elevations, concrete forms, footings, and foundations for small and medium sized jobs
- 1,650 ft operating diameter
- Includes: HL450 Receiver, Rechargeable pack and Case

\$738.00

LL300N-4 Laser Level
Medium-Range, Highly Accurate Leveling Solution

- Checking/setting elevations, concrete forms, footings, and foundations for small and medium sized jobs
- 1,650 ft operating diameter
- Includes: HL450 Receiver, Rod (inches), Tripod and Case

\$764.00

LL300N-2 Laser Level
Medium-Range, Highly Accurate Leveling Solution

- Checking/setting elevations, concrete forms, footings, and foundations for small and medium sized jobs
- 2,600 ft operating diameter
- Includes: HL760 Receiver, Rechargeable pack and Case

\$952.00

LL300S-27 Laser Level
Medium-Range, Highly Accurate Leveling Solution

- Checking/setting elevations, concrete forms, footings, and foundations for medium to large commercial jobs
- Up to 1,650 ft working diameter which increases productivity
- Includes: HL700 Receiver

\$1,033.00

LL500 Laser Level
Longest Range, Highly Accurate Leveling Solution

- Up to 2,600 ft working diameter which increases productivity by reducing need for multiple set-ups on a large job site
- Checking/setting elevations, concrete forms, footings, and foundations for large commercial jobs
- Basic slope work such as driveways and ramps

\$1,090.00

LL400HV Laser Level
Longest Range, Highly Accurate Horizontal/Vertical Leveling Solution

- Grade plus horizontal and vertical lasers
- Up to 2,600 ft working diameter which increases productivity by reducing need for multiple set-ups on a large job site
- General construction vertical alignment and plumb

\$1,606.00

GL412N Single Grade Laser
with Vertical Alignment

- Grade plus horizontal and vertical lasers
- Up to 2,600 ft working diameter which increases productivity by reducing need for multiple set-ups on a large job site
- General construction vertical alignment and plumb

\$1,912.00

GL422N Dual Grade Laser
with Vertical Alignment

- Full control for horizontal level, single or dual grade, vertical alignments or setting out 90° angles
- Precise control for high accuracy applications such as concrete floors

\$2,696.00

UL633-24 Universal Laser
The Most Versatile Construction Laser, Ever

Interior Construction

- Level, horizontal and vertical layout, square, and checking plumb
- Self-leveling
- Able to withstand a 3-foot drop...IP54 rated

\$165.00

**LP30 3 Beam Laser
Layout Tool**

- Level, horizontal and vertical layout, square, and checking plumb
- Self-leveling
- Able to withstand a 3-foot drop...IP54 rated

\$198.00

**LP50 5 Beam Laser
Layout Tool**

- Level, horizontal and vertical layout, square, and plumb
- The industry's brightest crosslines and points for easy viewing in all conditions – points are visible up to 200 feet

\$325.00

LT52 Point & Line Laser Tool

- Capable of handling interior horizontal, vertical or plumb positioning application
- Automatic Self-leveling
- Water, mud, and shock resistant, able to withstand a 3-foot drop onto concrete... IP54 rated

\$440.00

**LT56 Universal Laser
Layout Tool**

- High visibility 360° green beam can be seen up to 100 ft and provides full room coverage with a single set up
- Level, horizontal and vertical layout, square & plumb
- Automatic Self-leveling

\$555.00

LT58 The Go-To Ceiling Laser

- Fully automatic self-leveling in both horizontal and vertical provides fast, accurate setup
- Robust design withstands a 3 ft drop on concrete and still remains functional
- Includes: HR320 Receiver, Grade Rod (inches), Tripod, Wall Mount, Remote and Case

\$685.00

**HV101GC-2 Interior Laser
Economical Solution for Leveling, Aligning,
and Plumb Applications**

- Fully automatic self-leveling in both horizontal and vertical provides fast, accurate setup
- Handles all aligning, plumb and squaring applications
- Includes: HR100 Receiver, Wall Mount, Ceiling Target, Remote and Rechargeable Battery Pack

\$850.00

HV3012 Interior/Exterior Laser

- Fully automatic self-leveling in both horizontal and vertical provides fast, accurate setup
- Leveling and aligning of forms, footers and interior walls
- Includes: HR150U Receiver, Wall Mount, Ceiling Target and Remote

\$1,029.00

**HV302-2 Interior/Exterior Laser
General Purpose Construction Laser
for Medium-range Interior and Exterior Applications**

Underground Construction

DG813 Pipe Laser

\$3,900.00

DG813

Ask About Trade-In Offer

When speed, improved reliability, robustness and long lasting performance are required for Pipe Laying the Spectra Precision DG813 is the answer. Completely waterproof, with large self-levelled grade range, the DG813 is so fast, so smart and so easy to use that it is an unsurpassed laser tool for pipe laying.

One of A Kind Digital Grade Rod

Increases safety, reducing the need to lean over or go into excavations or trenches

\$558.00

DR400 Digital Grade Rod

Scan for Video

- When used in DigiRod mode all readings are compensated. No need to worry if you are holding the receiver plumb or not. The receiver displays the accuracy of the compensated reading. This is the only receiver on the market that provides compensated readings.
- 30 degree in any direction angle compensation
- Use for direct readings or cut & fill from a benchmark with no rod up to 20 ft
