Many companies prefer to accelerate depreciation on business assets during the first year versus over several years. With Section 179, qualifying businesses with eligible equipment may write off up to \$1,160,000, lowering the cost of equipment acquisition!

Make a Profitable Decision

Applying Section 179 means a company may save on business equipment, technology, commercial vehicles, and more. 80% bonus depreciation is available for qualifying new or used property (placed into service by 12/31/23).

Tax Savings Example

Equipment Cost	\$150,000
Section 179 Deduction \$1,160,000 is the maximum write-off	\$150,000
Cash Savings on Your Purchase Marginal tax rate assumed 21% (Total 1st year deduction x 0.21)	\$31,500
Net Equipment Cost After Tax Savings	\$118,500
