Section 179 and Bonus Depreciation

Many business owners don't realize that equipment acquired through an Equipment Finance Agreement (EFA) or \$1 Purchase Option Lease qualifies for the same Section 179 tax break as a cash purchase. Subject to limits, Section 179 allows an immediate deduction equal to the full purchase price of qualifying equipment put into service during the tax year.

In addition, **Bonus Depreciation** is now 100% for equipment and software placed in service after January 19, 2025, including those financed under a \$1 Purchase Option Lease or EFA, new or used.

Cost of Equipment	ENTER HERE	\$ 50,000
Section 179 Tax Deduction		\$ 50,000
Bonus Depreciation Deduction		\$ 0
Tax Bracket	ENTER HERE	21%
First Year Tax Savings		\$ 10,500

Contact your tax advisor to confirm if you qualify for these deductions and savings!

The limitations on the deduction for the 2025 tax year include:

- An aggregate annual cap on the Section 179 deduction of \$2,500,000
- Total equipment purchased limit is \$4,000,000
- The deduction cannot reduce taxable income below \$0
- Other applicable limitations

SECTION 179 DEDUCTION

Benefits of Section 179 Deduction

- The Section 179 Deduction can provide your business with a host of advantages. The key benefits include:
- Immediate expense deduction, providing significant tax savings for your business.
- Encouragement of growth and scalability through the acquisition of new equipment.
- Increased financial flexibility by improving your business' bottom line.

Qualifying Equipment

Many types of equipment are eligible for the Section 179 deduction. This includes both new and used business equipment, software, business-use vehicles, and more.

Frequently Asked Questions (FAQs)

What is the Section 179 Deduction? The Section 179 Deduction is a U.S. tax law designed to encourage businesses to buy equipment and invest in themselves.

Can I claim the Section 179 deduction for used equipment? Absolutely.

What types of businesses can use the Section 179 Deduction? Any business

Can I lease or finance equipment and still take a Section 179 Deduction? Yes

Is there a deadline for the Section 179 Deduction? Yes December 31, 2024

How does the Section 179 deduction affect my taxes? The Section 179 deduction allows you to deduct the full purchase price of qualifying equipment from your gross income. This reduces your taxable income and thus, your tax liability for the year.

Are there any limits to the Section 179 Deduction? Indeed, there are caps to the Section 179 Deduction. For the tax year 2024, the total write-off limit stands at \$1,220,000, and the cap on the total equipment purchased is \$3,050,000.

For more information visit section179.org and consult with your tax preparer or accountant.
